

INDUSTRY RELATIONS & TECHNOLOGY TRANSFER

Siris Consulting's mission is to **identify, develop** and **establish** relationships with business, industry and trade groups in Iran for joint programmes of mutually beneficial economic impact.

For **Companies** and **Industry**,

Siris Consulting serves as a primary point of contact for any general or strategic inquiries and can lead the connection of the interests with appropriate constituents.

For **Investors** and **Entrepreneurs**,

Siris Consulting can identify people, facilities and technologies that can develop unique and innovative solutions to challenging technical problems, supporting the transfer of knowledge and technology.
